### ***Analysis by the Legislative Reference Bureau***

With limited exceptions, current law requires the Department of Transportation (DOT) to take a photograph of all applicants for an operator's license or identification card. DOT may keep copies of the photographs for its own use but generally must keep the photographs confidential. However, DOT may release a photograph to the individual whose photograph was taken. In addition, DOT may release a copy of a photograph taken on or after September 1, 1997, to a Wisconsin law enforcement agency, a federal law enforcement agency, or a law enforcement agency of another state upon written request of the agency if certain conditions are satisfied. These conditions generally require that the photograph be requested for specified law enforcement purposes and that certain measures be taken to guard against further disclosure of the photograph.

Also under current law, the Department of Justice (DOJ) administers a transaction information for the management of enforcement (TIME) system that provides law enforcement agencies with access to certain information.

This bill requires DOT to make available to DOJ, in a digital format, any photograph taken of an operator's license or identification card applicant that is maintained by DOT. The bill requires DOJ to provide for electronic access by

**ASSEMBLY BILL 230**

Wisconsin law enforcement agencies, federal law enforcement agencies, and law enforcement agencies of other states operator's license and identification card photographs for the administration of criminal justice and for traffic enforcement. Access to these photographs must be available electronically through the TIME system if the law enforcement agency submits an electronic request satisfying certain conditions. Provisions of current law establishing measures that must be taken to guard against further disclosure of photographs provided to law enforcement agencies also apply to photographs obtained electronically through the TIME system. DOJ and DOT must ensure that, upon submission by law enforcement agencies of electronic requests meeting the requirements under the bill, electronic access to photographs is promptly available to these requesting agencies.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
